Progress in Meeting Mission and Goals

The CHA provides the following progress report relative to the 5 Year Plan.

PHA Goal: Expand the supply of assisted housing

Objective: Apply for additional rental vouchers

Progress: The CHA has not applied for additional Housing Choice Vouchers due to the lack of available funding, but has applied for and received additional VASH vouchers as they become available and as the market need is demonstrated.

Objective: Maintain a public housing vacancy rate of 3% or less

Progress: The CHA has achieved its public housing vacancy rate goal of 3%.

Objective: Continue efforts to address housing needs, by leveraging resources as needs are quantifiably determined.

Progress: The CHA continues to administer the Housing Choice Voucher program statewide and has administered several project-based opt-outs during the past few years. This resulted in an expansion of the CHA Housing Choice Voucher program to 1786 vouchers including VASH Vouchers and Tenant Protection Vouchers from PBCA opt-outs. The CHA also works to address housing needs through its active participation in the Wyoming Chapter of the National Association of Housing and Redevelopment Officials, through its participation in Fair Housing and other educational opportunities, and through its sponsorship of nonprofit the Wyoming Housing Partnership.

Objective: Fully utilize the resources available to the CHA, specifically the voucher program resources.

Progress: The CHA achieved 98.4% utilization of the voucher program in 2017, and is on track to achieve 95+% utilization in 2018.

Objective: Ensure that policies more completely support the mission of the CHA to provide low income rental assistance throughout its service area. Progress: The CHA continually reviews its ACOP and Admin Plans to ensure compliance with the most recent regulatory updates to support CHA's provision of high-quality housing responsive to community and client needs.

Objective: Encourage the creation of a new 501c3 non-profit organization to develop and manage additional affordable housing rental units. Progress: In 2014 the CHA sponsored the creation of a new non-profit organization - the Wyoming Housing Partnership, Inc. In 2017 WHP successfully acquired ownership and assumed management of four developments totaling 108 units of affordable housing; 88 units in three developments in Cheyenne and 20 units in one development in Powell.

PHA Goal: Improve quality of assisted housing

Objective: Achieve and maintain High Performer status

Progress: The CHA has been recognized as a Standard Performer Objective: Achieve and maintain High Performer status under SEMAP

Progress: The CHA was again recognized as a High Performer.

Objective: Continue to enhance Resident Initiative efforts

Progress: The CHA continues to fund a Resident Services Coordinator position to enhance Resident Initiative efforts. This has very successfully encouraged more Resident participation in various programs and has enhanced the sense of community within CHA's housing developments.

Objective: Continue to utilize Capital Funds to the maximum benefit

Progress: The CHA has developed and submitted, along with the Annual PHA Plan Update, the Capital Fund Annual Statement and 5-Year Action Plan which incorporates comments and suggestions submitted by Residents. Capital Fund utilization continues to result in well-maintained housing units.

Objective: Improve internal control of material inventory

Progress: Maintenance and Nutrition program inventory has been effectively controlled through restricted access, utilization of computer software to record inventory additions and consumption, quarterly physical-count comparison to computer reported inventory, and improved operating procedures.

PHA Goal: Increase assisted housing choices

Objective: Continue mobility counseling

Progress: The CHA continues to provide mobility counseling through the use of the Housing Assistance Guide and one-on-one counseling Objective: Assist rural communities throughout the state with the administration of assisted housing programs, thereby increasing assisted housing choices Progress: The CHA administers the Section 8 voucher program in various communities throughout the state of Wyoming, absorbed the Laramie public housing program from WCDA (effective 4/1/02), is active in the Wyoming Chapter of the National Association of Housing and Redevelopment Officials, and provides assistance to rural communities when the opportunity arises.

PHA Goal: Provide an improved living environment

Objective: Rehabilitate units within the public housing portfolio as needed. This may include substantial rehabilitation that would require temporarily taking public housing units "off-line" in order to complete the rehabilitation. The CHA has budgeted within the CFP program to accomplish the substantial rehabilitation of various public housing units as warranted.

Progress: The CHA has performed substantial rehabilitation on units within the public housing portfolio, but has not previously taken the units "off-line" for purposes of calculating vacancy days for PHAS. CHA entered into an Energy Performance Contract with Johnson Controls to enhance the living environment and reduce energy consumption within public housing units; that scope of work was completed in November 2015. Tenants continue to realize an improved living environment while CHA benefits from reduced energy consumption and operating costs. CHA is again working with Johnson Controls to launch a second phase Energy Performance Contract, if approved by HUD, to make additional improvements to the living environment.

Objective: Utilize Capital Funds to address security concerns of the residents, as warranted.

Progress: The CHA has previously expended Operating Funds and CFP funds to address security and safety concerns of the residents and annually tests the fire alarm/fire sprinkler system, security and other systems. Ongoing concerns are addressed as identified during Resident Council meetings and the Annual Agency Plan public hearing.

Objective: Adopt a "smoke-free living environment" policy that prohibits smoking within all CHA properties.

Progress: The CHA initially adopted a "smoke-free living environment" policy in January 2013. In 2017, consistent with HUD requirements, CHA adopted a 100% smoke free requirement for all properties. The new lease was effective February 1, 2018.

PHA Goal: Promote self-sufficiency and asset development of assisted households

Progress: The CHA has achieved success through the administration of the FSS program. The CHA has successfully graduated more than 44 FSS participants.

PHA Goal: Ensure equal opportunity and affirmatively further fair housing

Progress: The CHA continues to ensure equal access and provides a suitable living environment regardless of race, color, religion, national origin, sex, familial status and disability. CHA actively participated with the Wyoming Fair Housing Team to complete the 2016 Assessment of Fair Housing and is waiting for additional HUD guidance on this issue.
