

# EXAMPLE 1:

The following example is based on a applicant issued a one bedroom voucher without a minor child, with the generally standard utility allowance, and median annual income.

Family Monthly Income	\$1,600
Monthly Rental Amount	\$650
Utility Allowance	\$90

Gross Rent (Rent + UA) = \$740

Pmt. Standard (Cheyenne) =

\$793

30% of monthly income = \$480

Less utility allowance = \$90

Your monthly portion = \$390

# EXAMPLE 2:

The following example is based on an applicant issued a one bedroom voucher without a minor child, with the generally standard utility allowance, and median annual income.

Family Monthly Income	\$1,600
Monthly Rental Amount	\$950
Utility Allowance	\$177

Gross Rent (Rent + UA) = \$1127  
Pmt. Standard (Cheyenne) = \$793  
Amt. Over Pmt. Standard = \$334

30% of monthly income = \$480  
Less utility allowance = \$90  
+ amt. over pmt. standard = \$334

Your monthly portion = \$724  
40% of your monthly income = \$640

# Example 3:

The following examples are based off of a family of four (two adults, two children) who have been issued a two bedroom voucher with average/typical rental amounts, utility allowance, and incomes.

Family Monthly Income	\$2400
Monthly Rental Amount	\$950
Utility Allowance	\$109
Deductions/Adjustments	\$960

Gross Rental Amount = \$1059

(rent + utilities)

Payment Standard = \$1045

Amount Over = \$14

Adjusted\* monthly income = \$2320

30% of adjusted income = \$696

Minus utility allowance = \$109

Adding the \$14 over PS

**Your monthly portion = \$601**
