

NOTICE

This Notice is to inform you that the Cheyenne Housing Authority Board of Commissioners has opened the Public Comment Period for acceptance of comments on the proposed revision to the Waiver for Proper Egress from Basement Windows.

Many of CHA's Public Housing single family homes have basements. The windows in those basements do not meet Build Code room-egress requirements, so while completing the lease-up process prospective tenants are required to execute a Waiver to inform the tenant and to reduce CHA's liability. The Waiver for Proper Egress from Basement Windows (Waiver) informs the prospective tenant that basements are not to be used as living space and may be used only for storage.

The proposed revision is available for review on the Cheyenne Housing Authority website at www.cheyennehousing.org or at the Cheyenne Housing Authority's offices:

- In Cheyenne at 3304 Sheridan Street, Cheyenne, Wyoming.
- In Laramie at 1265 North 3rd Street, Laramie, Wyoming.

Comments on the proposed Waiver for Proper Egress from Basement Windows are to be submitted in writing (US Mail, email, or hand delivered) to the Cheyenne Housing Authority before 12 NOON Monday October 31, 2022 to:

Cynthia Keseru
Compliance Officer
3304 Sheridan Street
Cheyenne, WY 82009
